All,
Attached please find the Gas analysis from the Pavillion wells which showed gas in the annulus.
Gary Strong

We need to spend some time discussing topics and process for our meeting next week. We also need to discuss and build an agenda.

I have talked with Martin and Bob and we want to have a conference call tomorrow, Thursday, July 19 from 1 PM to about 3:30 PM. If we finish earlier, that is better. Connie Osborne will send out the call in number and password.

Sorry for the short notice and if you can't make it, that is OK.
